

STATE CASES ARE BEFORE COURT

Appeals From Third North Carolina District Being Heard.

[Special to The Times-Dispatch.] Raleigh, N. C., September 12.—The Supreme Court is devoting this week to appeals from the Third District of which there are sixteen, two of these being State cases, both coming from Newbern.

The Secretary of State is having the land grants in his office indexed. This work begins with the first grant issued about the year 1660. W. P. Batchelor, who is in charge of the work, says that grants have been jacketed up to 1794, and he is now bringing the index up for that year. There will be in all about 3,000,000 grants.

Raleigh's public schools opened today under the direction of Supt. Francis M. Harper. There is an increased attendance at all of them. There is a high school and eleven grammar schools. During the year one new school building has been constructed and all of the others have been repaired. The superintendent greatly desires a trade school for the negroes here, who are generally thrifty and industrious.

To-day Chairman B. C. Beckwith, of the State Board of Internal Improvements, filed with Governor Kitchin his report covering the investigation by the board of the charges made against the State Tuberculosis Sanatorium in Moore county. In brief, the board finds the charges which were made by a physician in another part of the State to be unsubstantiated.

Wednesday evening the congregation of the First Baptist Church here will accept the resignation of its pastor, Rev. W. C. Tyree, D. D. This has been expected for some months. It is understood Dr. Tyree will go directly to another field.

The secretary of the committee which has in charge matters concerning the homecoming jubilee and reunion here during the State Fair finds a great deal of interest in that matter and letters from North Carolinians in other States continue to pour in. There are very strong North Carolina societies of New York and New Jersey. The one at New York has ceased to exist. The secretary hopes to be able to get at least the names of 10,000 former North Carolinians living elsewhere.

The arrangement of the electric lights in the State Capitol is now being made. There will be double rings of these lights in the dome, so as to make the rotunda very brilliant. There are also circles of lights in the halls of the Senate and House, all the work harmonizing with the interior of the building.

Democratic State Chairman Eller to-day finished the handbook of the party, which is to be given a very great circulation this year. It is at once the largest and best ever issued by the party in North Carolina.

Governor Kitchin has consented to an exchange of courts between Judges Ward and Adams, whereby the former will hold court in Camden.

Former Judge Walter A. Montgomery, who had lived here since he became a Supreme Court judge, will go to Washington, D. C., to live. He is preparing a history of the Civil War which will contain a great deal of new material.

When 1,200 overcoats are received by the North Carolina National Guard it will be fully equipped for field service, having everything else in the way of supplies.

All the experts in corn declare that that crop in North Carolina this year will be the largest ever raised. Commissioner of Agriculture Graham says there is no question as to this, and

his view is taken by Demonstrator T. H. Parker, of the Agriculture Department. The news of the cotton crop is not of so good a character, for that crop is poor on sandy land and fair on clay upland.

A charter has been granted to the Lumber Register Company, of Salisbury, which will make wood-working machinery. The authorized capital stock is \$500,000. Another charter goes to the New South Patent Company, of Charlotte, to handle patent rice, the authorized capital being \$100,000.

The annual meeting of the Raleigh Chamber of Commerce will be held tomorrow evening and the reports of the president and the secretary will show that Raleigh has passed all records in growth during the past twelve months, in building and street improvements.

AUTO TURNS TURTLE.

Five Persons Are Hurt When Brakes Fail to Work.

[Special to The Times-Dispatch.] Spencer, N. C., September 12.—Four persons were slightly hurt and one seriously in an automobile accident near Kannapolis, Cabarrus county, fifteen miles south of this place, this afternoon. The injured are:

A. J. Klutz, druggist, of Greensboro, badly hurt in head, tongue cut and otherwise bruised.

J. W. Ferguson, of Greensboro, slightly bruised.

C. G. Ferguson, of Charlotte, slightly bruised.

Miss Bessie Rankin, of Greensboro, slightly bruised. The injured were en route from Charlotte to Greensboro, and when rounding a sharp curve at twenty-five miles an hour the brakes failed to work, one tire exploded and the machine turned turtle. With Miss Rankin seated by his side, the machine was being run by Mr. Klutz. Both were pinned fast under the body of the machine, while the other members of the party sustained only severe flesh wounds.

Drs. Young and Rogeys were hastily summoned from Concord and rendered temporary services. The injured were taken upon a north-bound passenger train which was flagged in a field near the scene of the accident and brought to Salisbury.

Klutz was unconscious for several hours after the accident, but is reported resting well at a hospital in Salisbury to-day and is thought he will recover. The other members of the party continued their journey to Greensboro by train.

Honored in Oklahoma.

[Special to The Times-Dispatch.] Harrisonburg, Va., September 12.—H. B. Bolen, of the Valley of Virginia City, now an attorney in Oklahoma City, has been nominated for the State Legislature by the Democratic party.

Former Judge Walter A. Montgomery, who had lived here since he became a Supreme Court judge, will go to Washington, D. C., to live. He is preparing a history of the Civil War which will contain a great deal of new material.

GRAND LECTURER IS IN PETERSBURG

He Is Holding School of Instruction for Masonic Lodges.

MANN MAKES ADDRESS

Governor Attends Dedication of Pulpit in Sunday School Classroom.

Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., September 12.

Most Worshipful Grand W. Wright, of Marion, past grand master of the Masonic lodge, and past grand lecturer of the Grand Lodge, is in the city and will be the guest of the three local lodges all the week. He is here to hold a school of instruction and will instruct the members of the craft in the symbolic degrees of Masonry. Three sessions of this school will be held daily in the Masonic Hall—5 o'clock A. M. and 4 and 8 o'clock P. M.

An Interesting Occasion.

The handsome brass railing and pulpit installed last week in the classroom of the Phoenix Men's Bible Class of the High Street Church was formally dedicated Sunday morning, the address being delivered by Governor William Hodges Mann. There were present 171 members of the class and 126 interested visitors, one-half of the number being women. Governor Mann delivered his address in a brief address, with the Bible as his subject. He paid a deserved compliment to the class, its growth and enthusiasm in the study of the Bible, and to the splendid work of the teachers. The address was heard with the closest attention and caused a deep impression on all present.

Owing to the sickness of the pastor, Rev. W. H. Atwill, who was expected to deliver the address of acceptance of the railing and pulpit on behalf of the class, there was no formal speech of acceptance.

Robert E. Gill is the head teacher of this large class of Bible students—one of the largest in the State—and to his work and enthusiasm in the good cause is due in large measure the wonderful growth and constant interest and attendance of the members at the class. The address was a brief address, appropriate to the occasion.

Mrs. Richard Bagby, who has been closely connected with the Sunday school of High Street Church since its organization, spoke interestingly in comparison of the school in its early days and its high standard. It is now by far the largest Sunday school in the city.

The brass railing and pulpit are handsome pieces of workmanship and were paid for before being brought to the church. They are beautiful ornaments to the classroom, and will further improve it to be made.

District Baptist Association.

The Petersburg District Baptist Association, Dr. William B. Daniel, of Prince George county, moderator, will meet to-morrow morning with High Street Baptist Church in Sussex county. The pastors of all the churches in the district, with delegates from each church, will be present, and the attendance will be large. Every church will submit a report of its work during the past year, and matters of interest will be considered relative to church work, Sunday schools, education, missions, temperance, etc.

Eloped and Married.

Miss Irene Cogle, the fourteen-year-old daughter of J. M. Cogle, a well-known and respected citizen, left her home on West Washington Street and journeyed to North Carolina, where she was married to William Sykes, also of this city. In company with a male friend, the young woman took a Seaboard Air Line train to North Carolina, where she met her fiance and where the ceremony was performed. The young couple returned to the city last evening.

Efforts were made by the parents and the police to intercept the young woman, but they failed.

Board of Aldermen Meets.

The regular meeting of the new Board of Aldermen was held this afternoon. The Board elected its officers, representatives on the various committees and concurred in the appropriations made by the Council and in other measures passed by that body. The chairman of all committees were elected on September 12.

Henry Buchanan, negro, was arrested about 2 o'clock this morning with stolen goods in his possession. He is charged with breaking into Landrum's grocery store on the Heights, last night and helping himself to a basketful of goods of different kinds.

General News in Brief.

Mrs. Helen Peabody Marks, widow of Charles H. Marks, died on Saturday at her home, Aberdeen, in Prince George county. She was widely known and connected in the county.

Rev. J. S. Foster, D. D., former pastor of Tabb Street Presbyterian Church, and Mrs. Foster, who have been visiting friends in this city, have returned to their home in Birmingham, Ala.

Rev. Charles R. Strubling, late of Waynesboro, Va., has thus far been prevented by sickness from entering on his duties as pastor of Tabb Street Presbyterian Church, but he is reported to be improving.

Thomas B. Ivey, of this city, left this morning for Charlottesville to attend the annual meeting of the Patriotic Order of Sons of America. During this meeting a handsome banner will be presented to Washington Camp, of Petersburg, as a prize for having gained the largest increase of members during the year.

The contract for dredging the Appomattox River from Petersburg down to deep water has been awarded to W. H. French, of Norfolk. The work is to be begun about October 1, and a channel of twelve feet in depth is to be given.

Mrs. Charles L. Cooke, mother of the Commonwealth's attorney of Sussex, died this morning at her residence in that county. She had been ill for some time.

William L. Hall, a well-known young plumber of this city, is seriously ill of typhoid fever.

SKIN DISEASES HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthy state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, healthful blood, natural evaporation is renewed, and the skin becomes soft and smooth. proposed sale of what is known as the Blewitt Falls property, to take place October 5. This is the site of the proposed hydro-electric power plant started three years ago by the Rockingham Power Company, of New York City. The property became involved in litigation more than a year ago, on account of the fact that the state of New York had finally went into a receiver's hands after it was sold, and purchased for the bondholders. It is now to be sold as a whole, and the state of New York is the purchaser. The sale will take place in New York City. The property includes all real estate and personal property of the corporation.
